CARBON
FOOTPRINT
CALCULATOR

 **MADE IN
BRITAIN**®

Built with care for the environment

At our core, we are dedicated to reducing our environmental impact and preserving our planet for future generations.

We have worked with the Carbon Trust to build a carbon calculator that generates cradle-to-gate carbon footprints for our kitchen products. The goal is to increase transparency for our customers, allowing them to get a view of the carbon footprints of the products they are purchasing.

The industry leading carbon calculator allows us to understand the carbon footprint of all the components used to build your kitchen. It is also used to drive sustainable product development, in order that we continue our journey towards decarbonising our product offer.

Our commitment to decarbonisation drives our business model.

- Our efficient biomass boiler burns waste material to heat factories and warehouses.
- We send 0% to landfill. We actively recycle materials such as vinyl, plastic, paper, printer cartridges, and even heavy goods vehicle tyres, reducing waste and promoting a circular economy
- Solar panels supply 40% of power, with the remaining power from green electricity.
- All of our vehicles driven by the sales teams are electric/hybrid.
- To promote responsible sourcing, we encourage our suppliers to ensure our raw materials come from sustainable and responsibly managed sources.

17. Cam and dowel construction.
18. Adjustable legs minimum 140mm maximum 180mm.
19. Clip on continuous plinth.

Blum Products & Eco Kitchens

There are very few moving components within a Kitchen, therefore it makes perfect sense to include the very best fittings to ensure your kitchen operates as well in twenty years time, as it does the day it is installed.

This is why our kitchens offer Blum fittings as standard.

Blum are widely regarded as manufacturing the best, most innovative kitchen fittings within the industry. Founded in 1952 in Austria, Blum has grown into a €2.4 billion business trading in more than 120 countries around the world.

Blum fittings are not only meticulously engineered to perfection, they are aesthetically designed to harmonise with our furniture.

Why we use Blum...

We use Blum hinges, drawer boxes and lifting mechanisms quite simply, because they are, in our opinion, the very best money can buy and harmonise perfectly within our kitchens.

Blum are masters of engineering, to such an extent that their products are ultrareliable, hence the lifetime warranty they place upon their fittings.

What more can you demand from a product?

www.blum.com

“Reliability,
Strength,
Longevity &
Sleek Design”

Blum has it all!

Blum Lifetime Guarantee

Such is Blum's confidence with their manufacturing excellence, in the unlikely event of any defect occurring within a Blum fitting, they will replace it free of charge, regardless of its age.

Wood Effect

Kinder

Kinder is purposely designed to replicate a painted timber shaker Kitchen. The door construction is almost identical to timber, although the materials used are painted timber effect, with a tactile wood grain finish. Hard wearing and offers a saving when compared directly to painted timber.

Worktops

Our worktops are crafted to the highest standards in a range of traditional and contemporary finishes, allowing you to create a kitchen that is both stylish and practical.

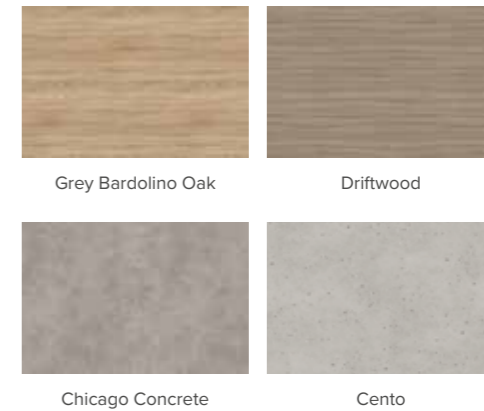

Curved edge laminate

Enhance the look of your kitchen with a 40mm round-edge laminate worktops. These worktops provide a softer, elegant look and are available in a variety of finishes.

Square edge laminate

Give your kitchen a modern, clean, and fresh look, with a square edge 40mm worktop. This contemporary worktop has a realistic slab-like appearance that adds cleaner lines to your kitchen.

Handles

Welcome to the world of kitchen handles! Here you will find a wide range of handles to help make your kitchen look and feel its best. Our selection of handles is designed to match any style of kitchen, from sleek modern designs to more traditional looks. We offer a variety of materials, finishes and sizes to help you find the perfect handle to match your kitchen's decor. With a variety of styles and finishes, you can easily find the right handle to give your kitchen a unique and stylish look.
